

## Professional Activities of Graduates of the Yale Doctoral Program in Clinical Psychology 2- and 5-years post-graduation

### Accomplishments of program graduates 2 years post-graduation, sampled annually between 2020-2025

**Table 1**  
**Summary of Primary Job Category (for 18 alumni)**

Job Title	Frequency	Percent
Assistant/Associate/Professor	2	11.1%
Postdoctoral Fellow	6	33.3%
Psychologist at Academic Medical Center	8	44.4%
Psychologist at Community Mental Health Center	1	5.5%
Business Consultant	1	5.5%

**Table 2: Research**  
**Summary of Publications, Presentations, Awards, Grants, Mentors, Reviewers**

Average number of publications	12.16 (range 5-24) 100% have published
Average number of Presentations	21.88 (range 3-47) 100% have presented
Number with research awards	9/18 = 50%
Number with grants	6/18 = 33%
Number serving as research mentors	7/18 = 38%
Number serving as reviewers for journals	15/18 = 83%
Editor or editorial board of a journal	3/18 = 16.6%

**Table 3: Teaching and Clinical Work**  
**Summary of Teaching, Teaching Awards, Licensure, Clinical Supervision**

Teaches undergraduate or graduate courses	4/18 = 22.2%
Recipient of teaching award	2/18 = 11.1%
Licensure	14/18 = 77.7%
Clinical Supervisor	13/18 = 72.2%
Engages in evidence-based practice	14/18 = 77.7%

At two years post-graduation, most of our alumni, 88.8% (16/18) are working in some type of academic setting as Assistant Professors, Post-Doctoral Fellows, or Psychologists in Academic Medical Centers. All of them have published, with an average of 12 publications and all of them have presented in professional settings, with an average of 22 presentations. Not all program graduates seek licensure, but of the 77.7% who did, 100% passed the Examination for Professional Practice in Psychology on the first try and obtained licensure.

## Accomplishments of program graduates 5 years post-graduation, sampled annually between 2020-2025

**Table 1**  
**Summary of Primary Job Category (for 19 alumni)**

Job Title	Frequency	Percent
Assistant/Associate/Professor	6	32%
Instructor/DCT	1	5%
Psychologist at Academic Medical Center	8	42%
Industry	1	5%
Clinical Practice	3	15%

**Table 2 Research**  
**Summary of Publications, Presentations, Awards, Grants, Mentors, Reviewers**

Average number of publications	18.95 (range 3 – 49)
Average number of Presentations	26.53 (range 2 – 52)
Number with research awards	10/19 = 53%
Number with grants	10/19 = 53%
Number serving as research mentors	10/19 = 53%
Number serving as reviewers for journals	19/19 = 100%
Editor or editorial board of a journal	2/19 = 10%
Reviewer on scientific conference program or grants	0/19 = 0%

**Table 3 Teaching and Clinical Work**  
**Summary of Teaching, Teaching Awards, Licensure, Clinical Supervision**

Teaches undergraduate or graduate courses	7/19 = 37%
Teaches med students or psychology interns	7/19 = 37%
Recipient of teaching award	1/19 = 5%
Licensure	15/19 = 79%
Clinical Supervisor	11/19 = 58%
Engages in evidence-based practice	11/19 = 58%
Serves in any leadership position	13/19 = 68%

At five years post-graduation, most of our alumni, 79% (15/19) are working in some type of academic setting as Assistant or Associate Professors, Instructors, Directors of Clinical Training, and Psychologists in Academic Medical Centers. They continue to publish, with an average of 19 publications, and all of them have presented in professional settings, with an average of 27 presentations.
